## Adam Stronach wins prestigious law journal award for expert witness work

Adam Stronach (right), a principal at London and Buckinghamshire accountants, business and tax advisers Harwood Hutton, has been selected as an outright winner of a *Lawyer Monthly* Expert Witness Award 2017 in recognition of his specialised knowledge and experience as an expert witness and litigation support consultant.

The *Lawyer Monthly* Expert Witness Awards recognise experts, expert advisers and shadow advisers who have superior knowledge and experience within their field and have a proven record in assisting either third parties, courts, tribunals, arbitration hearings and official enquiries to help them understand the issues in a case or report and thereby reach a sound and just decision.

Adam, a member of The Academy of Experts and The Expert Witness Institute and chairman of the UK's Network of Independent Forensic Accountants, said he was thrilled to be recognised by one of the industry's leading magazines.

"I am delighted to receive a *Lawyer Monthly* Expert Witness Award. My workload as an expert accountant and business valuer is varied, with no two cases the same, although often you can see patterns in the work. For instance, in the recent past I have been dealing with a number of business valuations in shareholder and partnership disputes, as well as quantum work connected with interest rate hedging and loan products."

Adam has provided litigation support and expert witness services for more than 20 years and has given oral evidence at the family court and at the High Court.

As well as his work as an expert accountant, Adam spends a considerable part of his time on corporate finance assignments for Harwood Hutton clients, and has helped clients with a diverse range of products, from corporate restructuring to M&A (mergers and acquisitions) work.

“My corporate finance assignments help inform my work as an expert accountant, with opinions given drawing upon the experience and expertise gained in advisory and transaction support roles I have undertaken,” said Adam.

### **ABOUT HARWOOD HUTTON**
